I'm hoping you know the answer to this...

Also, I'm out at the Tech System HQ until a bit after noon, but I talked to NRH a bit about B&C stuff late today and will update you when I get back. She also OK'd that appointment for National and Community Service that we discussed. Thanks.

Madison, I was in a bit of a hurry and put down "public finance, technology, and other legal matters" where my firm does work for the State. I couldn't at that point think of any "other legal matters" so just put that in as a catch-all. I've since thought of two. First, we represent on a number of different things First Steps, the childhood/education readiness program. I've done some of that work (specifically, a software license review and revision). Second, we represent SCLaunch on some corporate and contract matters. Also, we do some work for DOC on economic development incentives, and we represent JEDA when it issues bonds for economic development, which generally falls within the term "public finance." I may think of some others later. Should I add those specifically by way of another sheet, or do you want to attach this email to what I sent, or is what I sent sufficient by itself? Thanks.

I'm copying Swati and Christian because I'm not sure who is right one to answer.
