Dear Mr. Prioleau:

Thank you for writing our agency regarding information on programs in South Carolina to assist you following the completion of your incarceration.

The Department of Health and Human Services administers the Medicaid program. Medicaid is a healthcare program and does not provide financial assistance for living expenses. Medicaid eligibility is based on federal and state requirements. To qualify for Medicaid, an individual must meet certain financial guidelines and categorical requirements. A Medicaid eligibility worker can determine if you qualify based on the information provided from an application if you decide to apply.

We have enclosed an overview of the Medicaid program, as well as, information on other programs and organizations that can assist residents in South Carolina with their healthcare services, prescription medications, and daily living needs. I hope this information is helpful.

Sincerely,
