Subject: Listen in on South Carolina's fiscal health ranking

Dear Ms. Adams,

Hopefully by now you've had a chance to read the latest edition of, "[Ranking the States by Fiscal Condition](#)." The study ranks each state's financial health based on short- and long-term debt and other key fiscal obligations such as unfunded pensions and healthcare benefits.

On Thursday, June 9th at 3:00pm EST , you are invited to join a Google Hangout with [Eileen Norcross](#) who will discuss her findings and answer questions from state policymakers. [Please register here if you would like to participate.](#)

Furthermore, please do not hesitate to contact me for ways Mercatus research can help educate policy discussions in South Carolina.

Best Regards,
Sam
