You never know what you might see or hear in a SC State Park. This bagpipe player was seen and heard at Edisto Beach State Park this past week. He was participating in the Highland Games in Mt. Pleasant and made the park one of his stops as he explored the area. He just decided to play at the park to everyone's delight!

**Tonya Wine Stamey** Would have like to have seen that!

**Rob Shirley** I love the sound of bagpipes. Amazing Grace is extremely moving when performed with the pipes.
