Office of Governor
1205 Pendleton Street
Columbia SC 29201

Dear Governor Haley,

I must tell you what is on my mind. Right now the country I grew up in is going to self-destruct unless the people with power, yourself, take a stand for the Constitution of the United States and take back your governing authority. The majority that sent you to represent them depend on you!

What will happen to the United States of America now, will affect your children, grandchildren and beyond. Are you ready to see the removal of our flag? Change our legal system to **some barbaric** system that controls offenders by the instant removal of a body part? Where children in the United States of America start to follow garbage trucks hoping to find food? Let me explain something, when our Constitution is changed, all **YOUR** jobs will also be eliminated. We will have a different monetary system that is worthless. The United Nations will own us and we will watch the greatest country on earth become nothing. There will **NEVER** be a need for elections! No Congress, No Senate, No Supreme Court, No Executive Office – we will be under global rule.

I hope and pray this will be read and not returned “Refused” like the 240 Constitutions I sent to the Congress and Senate that were returned, referring to our Constitution as “advertisement” or “brochures!” Why couldn’t they keep them? (What kind of ethics are we upholding? The Ethics Committee will also go away when our Constitution changes.) Some of my own family says, “Gramps, this country will never change. We don’t need to be involved in politics.” My answer to them, I thank God every day we still have Democrat, Republican, Libertarian, Socialist, or Communist parties that are free to participate in elections.

No other nation on this earth will come to stand with and defend the United States of America. By this time our Government will not exist. If this letter offends you, take a good look at your life in the United States of America. Could **YOU** be better somewhere else? Right now our appointed United States Supreme Court controls the LIFE or DEATH of our Great Nation’s Constitution.

We must all act now, there is a real cause for action and it has a vision. The same vision all our dead and wounded military have had from the birth of this great nation to the present. **YOU MUST PROTECT OUR CONSTITUTION AT ALL COSTS!** Keep America strong and independent.

Respectfully,

Wayne Dahlberg
