47 Parks in 7 Days is over and in the books, but don't worry, we still have plenty video, photos and memories to share with you. Today, we'll feature our visit to Table Rock State Park in the upstate. This is one of our most iconic parks with great hikes and beautiful views and scenery.

Genia Lynn Kearney Will Ranger Bishop be a feature? He's awesome!

David Warren Everyone who has not bought a beautiful places book please do so. It will make a great birthday or christmas gift. Gwen and Ken worked their butt off going to all 47 parks, our state needs to appreciate that hard work by purchasing those wonderful books.
