

To the Honorable Nikki R Haley,

I Herman Hedden, feel that as our South Carolina Governor, Overall you do an exceptional job in our office. But there is an issue that needs to be addressed, that is going to cause a large portion of our state population to vote against you in this years election. This issue is regarding the removal of the confederate flag from our state building. you have turned your back against the rebel people of this state.

You have taken down a part of this states history and herrytage all because the views of ignorant, uneducated individuals. As a result of this poorly made decision, a majority of this state is going to turn against you, as you did them, and are not going to vote you back into this office this year.

We want the confederate flag placed back onto our state building, to serve its original purpose, to symbolize our state herrytage. If you do not decide to reconsider the removal of this flag, you are not going to make it back into office as South Carolinas Governor. I would appreciate a response regarding my request. Thank you for your time.

A unsatisfied citizen,

William H. Hedden
