Subject: NASA Langley's Insight for Legislators and Staff - 2018 Spring Edition

Attachments: [NASA Langley's Insight Spring Edition 2018.pdf](#)

---

Welcome to the 2018 Spring Edition of NASA Langley's Insight for Legislators and Staff. This publication, delivered on a quarterly basis, is designed to highlight some of the exciting research taking place here at NASA Langley Research Center.

In this issue:

- 2018 NASA Langley Student Art Contest
- NASA Langley bids Farewell to Orion Crew Module
- Senator Warner and NASA Langley Promote Entrepreneurship in Hampton Roads
- Global Orchestra at NASA Langley
- Data Validation for SAGE III Set to Begin
- Photography Students Create new NASA Langley Exhibit at Chrysler Museum
- Climate Science a Hot Topic on Earth Day at NASA Langley
- Mary Jackson Honored by City of Hampton
- Ceremony for Measurement Systems Laboratory Marks Major Milestone
- Local Entrepreneurs Consult NASA Experts
- NASA's Aeronautical Innovators are Ready for Supersonic Flight with a Quiet Twist
- NASA Langley Provides Expertise on Entry, Descent and Landing for InSight Mars Lander
- NASA's Pioneering Women Displayed in Art Exhibit
