OK, thanks. The attached document should address most of the green provisos. It also includes a couple other minor tweaks. The attachment also goes into the GP / SR provisos. There are a couple highlighted in red that we're still discussing on our side - mostly connected to the fuel tax.

We'll do some more work on this on our side on Sunday night, based upon where you wind up during the day, and then we can close this out Monday. Thanks again.

Christian,

Attached are the proviso changes I have made so far based on language in the Executive Budget. Items shaded in yellow are amended, deleted, or added provisos. Items shaded green indicate I need information and I tried to put notes on those. Items shaded in blue are provisos you recommended codifying. Unless you instruct me otherwise, we don't delete those in the year we are working on just in case the General Assembly doesn't get around to codifying them, leaving the agency hanging with no authorization.

I have stopped for the day after completing the Debt Service section and will pick back up tomorrow (Sunday) on the General and Temporary and Statewide Revenue provisos.

I will be back in the office around 10 am in the morning.
