Tony,

I'm sorry I missed this email earlier as I had left the office around 1:30p and your email had not arrived.

LG97C now shows all the clients, but once again remember Transportation and Congregate Meal clients are only required to complete the One Page Short Assessment. So the 27 Transportation assessments and 20 Congregate meal assessments are going to continue to show as "Missing" because AIM only recognizes data/assessments from the **Long Assessment**. But again, these clients and their assessments are not required to have the Long Assessment Form completed.

Hope this helps clarify this information for you. Have a good weekend!

Vanessa

Vanessa,

AIM is showing 99 Home delivered (LG97C) clients.

Transportation is missing 27 assessments

Congregate meals are missing 20 assessments.

Are these also to be corrected by Monday?

Tony

Subject: Senior Options October and November Payment Request

Tony,

I appreciate your phone call yesterday and your assistance in working to resolve any AIM data with regard to my contractors, and especially Senior Options.

Linda McAllister has submitted the October & November Payment Request for Flow Through Funds for Senior

Options today. This payment request has been emailed to Tommy Taylor as well as faxed in to the SUA office.

In speaking with James Hill of Senior Options, he continues to be diligent in resolving any discrepancies of client assessment data for the AIM database.

Of the 93 home delivered meal clients served by Senior Options, 7 clients remain to have data tweaked. Only 2 of these 7 clients are registered AIM database clients and the 5 other clients are registered CMS database clients. James is having difficulty today in getting the CMS ID numbers to match the AIM ID numbers on these 5 clients in order to have the data moved over into the AIM database. But he has called his IT guy with CMS to get this accomplished. I have asked that the data on these 7 clients be current in AIM by December 31 and he is cooperatively working with that timeframe.

Therefore, I would like to request that his October and November payment request be processed today, if at all possible, so that Senior Options may receive their funds by sometime next week. Thank you for your immediate attention to this matter!

Vanessa
