Subject: FW: FAQ

Katherine,

We're still looking at version 3 but I wanted to be sure you'd seen this change that Jon made with input from Experian folks responsible for the business product.

'I'm a business; does the free credit monitoring, fraud alerts and security freeze apply to me?

If you are a sole proprietor, partnership or single-member LLC and file tax returns for the business through your personal SSN, the Experian consumer programs can be used by you **in addition to the business programs**.

If you are a multi-member LLC or corporation, you should enroll in the Experian Business Credit Advantage program, which provides a year of access to your business credit report and alerts for any changes, **and the Dun & Bradstreet product**. You should always continue to monitor your business' finances, checking bank statements regularly, etc.

Thanks very much.

Rush
