Hello All,

I have been in contact with James at BCBS and he will be ready to meet with us about their data on the CON research late next week. I'd like to schedule a meeting with us Friday, January 10 in the morning at our office. Ted, KV and James and I are available anytime that morning.

Tony and Catherine - Please let us know what block of time in the morning works best for you.

Thanks and Happy New Year!

**Subject:** CON Update

Catherine and Tony,

I have prepared the attached backgrounder and working document for additional proposals for the Governor (partly based on all of the information CBT sent me this week). I will be out for the holidays until Dec. 30 (and I hope you take some much needed time as well!) and want to make sure I left you with an update and to keep this issue on your front-burner. N would like to finalize a new proposal very early in January (ideally by Jan 3).

CBT – Can you help me with the “impact” sections? I want to make sure N understands the impact of the current proposal on DHEC and the regulated community.

CBT and TK – We need to add to the new proposals in the coming weeks (again ideally by Jan 3). James D'Alessio said he should be ready to meet with us the first week of January on BCBS's research as well.

I have read through all of the work of the CON Review Panel “Topics for Discussion” and think there are a number of great proposals that we may want to add. But I want to know your thoughts on them. We should regroup after the holidays to decide whether to add more of those or anything else. You are welcome to email me your thoughts on that list as well if that is easier while we are away/busy.

Hope you have a wonderful holiday break!

Swati
