Sup Nikki,

First of all you're doing a great job in office and you're working super hard. But i was thinking of a way we could improve tourism in our awesome state of SC. I'm a Cyclist and i ride a lot on my bike and i was looking at NC who does a mountains to the coast event every year to raise money for tourism. So why cant we do a SC Cycling event to get our people much more active and in better health. As you know it would get our residents to build stronger bonds with one another and keep kids active.

This would be a road cycling event that we the people of SC could hold to help our state. Picking a town around the west side around greenville or so and run to the coast of SC.. the idea is to hit towns that normally would not be seen and to see the beautiful state of SC.. we could raise money around a extra million or so which would help us all out. If you like this idea please let me know. at this email. djstorm768@gmail.com Here is the NC cycling website.
