**scstateparks** See the white bands on these pines? This signifies a red-cockaded woodpecker nest. These woodpeckers are federally-endangered species and live inside longleaf pines. We're fortunate to have them at Cheraw State Park. by @markkdavies #cherawstatepark #scstateparks #instaranger at 14:21:24 on 3/06/2013 UTC

**olympicjunkie** @spicymikebowers Interesting! at 21:11:22 on 3/08/2015 UTC

**mbowers2370** Yup! Same in the FMF at 21:23:23 on 3/08/2015 UTC
