**Subject:** EMD Update - Langley Pond dam

---

This morning, Aiken County reported **no change in the overall situation** with the exception that the water level has been drawn to less than 2 feet.

The Aiken County EOC remains at OPCON 4 and will be operational today but not this weekend. The observation team checking the dam status will be in place through the weekend.

**No state assistance requested.** Updates possibly expected throughout this weekend if there is significant change.
