

**INTERNAL STAFF UPDATE\***

Friday, February 19, 2016

---

**Commerce – Giti Tire:**

Hank Eisenga, VP of Manufacturing for Giti Tire, sent Beth the following email:

“I would like to personally thank you and Governor Haley for your support surrounding the hiring information event we had in Chester County this week. The event was a great opportunity to meet many people and give them information about Giti and our hiring process. With the help of readysc and all the volunteers that came out, we had well over 2,000 (possibly close to 3,000) people attend the meetings this Tuesday. Please pass on our thanks to Governor Haley and everyone that help support us through this event.”
