Subject: Media request

Chaney,

This is a follow up, per our phone conversation, regarding an on-camera interview with Gov. Haley before she leaves office.

This interview would provide a great opportunity to share her message to citizens across the state as she prepares to transition to her U.N. post.

SCETV and the weekly public affairs show Palmetto Scene, which the segment would air on, provides a unique broadcast platform compared to typical TV news shows. The program allows for greater time on subject matter, which provides viewers with a more in-depth understanding instead of just sound bites.

Please let me know when we could set something up.

Also, please add gjackson@scetv.org to the governor's office media/press release/schedule distribution list. My new cell phone number is 803-622-0733 and my office number is 803-737-3477.

Thanks,

Gavin
