Subject: Roads

---

Good afternoon Mr. Kevin L. Bryant it is a fellow South Carolinian here emailing you. I've noticed that when visiting other states when driving in the roads it is very pleasant but when driving on the roads in anderson they are rough. It would be super cool if in the future we could maybe fix that instead of filling in the cracks with tar and stuff. I like driving, but only on good roads, so yeah. Thanks bro, build that wall.
