Subject: RE: pipeline issues

Richele,

Michael Fields, SC Petroleum Marketers Association, submitted a request on Friday to extend fuel waivers until 11/30/16.

We were notified that the pipeline was reopened on 11/6/16.

Mr. Fields withdrew that request earlier today.

If I can be of further assistance, please let me know.

Sincerely,

John Stokes  
Director, Consumer Services

John,

Hope you are doing well. The Governor's office is being asked again about waivers for fuel issues due to the potential problems from Colonial's recent events. So far we received the following requests that I believe are in your agency's wheelhouse:

- SCPC asks state to waive fuel standards in order to allow 15 RVP
- SCPC asks Governor/state to weigh in with EPA in support of waiver allowing blending and comingling

Is the Department going to issue industry wide waivers that we can share? Or should we have persons contact you directly for these type of requests?

Thank you,  
Richele

Richele K. Taylor
