To Whom it May Concern

I am writing sending this email because I've exhausted my efforts to try to get some resolve to my challenge. To receive child support for my daughters that are 13 and 14 years old from their father Nekeeba Dewayne Jackson

I get money from him sporadically when it fits his needs or when he has nothing going on in his life. I recently learned aa an Army Veteran received a lump sum of money from the VA and none was put towards our children.

The fact that I have had to in the past take time out of my day to continuously stay on the department of child support when it came to my case and trying to get some enforcement is ridiculous. I should not have to even emails such as this to get help receiving Child Support. Obviously nothing has changed because to this day nothing has happened. The last contact I had with the child support office, was me advising them that he works at Jazza Barber shop located at 6300 Garners Ferry Rd, Columbia, SC 29209. Yet again no enforcement of the support order.

My ex husband Nakeeba Dewayne Jackson is more \$20,000+ in arrears. What can be done to resolve this perpetual matter. I would like to insure these funds are received so that I can help raise ours girls with the things they need.

I am appealing to the highest legal authority in the state so that I facilitate the proper care of our children.

Thank you for you time and consideration.

Sincerely,

Pleshette Amaker
