Ashley Herring Warthen I'm gonna look into this thanks Amanda!!

at 12:27:59 on 10/27/2016 UTC

Bryan Lentjes There's potential in the idea, but a lot of things would have to also apply for it to be action-ably appealing. Sufficient time off of work, calm pleasant weather, etc. Most of the art I've created to date have allowed me to work at my own pace in my own environments and when necessary to go out and get the additional material I need on the fly, etc....

at 13:16:40 on 10/27/2016 UTC

South Carolina State Parks If you are selected, you will work with the park management on a date for your residency.

at 13:20:37 on 10/27/2016 UTC

South Carolina State Parks Most artists submit about ten samples. The most helpful samples are those that show what you might be able to create based on your stay in a park.
