## South Carolina State Parks

at 14:30:48 on 6/30/2010 UTC ·

Starting this morning off with a THANK YOU! We're sending out a big "thank you" to our friends at Husqvarna. The company donated a new riding lawnmower last week. It came from the company's plant in Orangeburg. It's Husqvarna's second donation to state parks. The mower has been given to Rose Hill State Historic Site to help keep the grounds of the mansion looking great. With tight budgets again this year, a donation like this goes a long way to help us out. Thanks, Husqvarna!

### Thank You Husqvarna!

Husqvarna donated this new lawnmower to SC State Parks! It will be located at Rose Hill State Historic Site.
