Hi Chaney,

Would it be possible to speak with Governor Haley on our program today (10 minutes)? Just want to ask her about her response and the feedback she's received etc. Her many constituents who listen to Upstate Live! would be grateful.

Thank you,

Martine Wilder

Martine,

We appreciate you reaching out, however the governor won't be doing any press before her address tonight.

Please don't hesitate to reach out anytime we can ever be a resource in the future.

Thanks again,

Chaney

Dear Chaney,

I hope you are doing well :).

We would love to have a brief phone interview with Governor Haley on our very popular, conservative talk program, Upstate Live, today. The program runs from 5 to 6 and we are more than happy to accommodate Governor Haley's availability.

We are going to be discussing her upcoming response to the State of the Union address, which we are SO proud she has been selected for, and know that our listeners would be very happy to hear from her directly on our program about how she plans to approach the response. I also would like to ask the respected Governor about her observations on the GOP presidential race (with no question of endorsement, of course).

I appreciate your reply!

Sincerely yours,

Martine Wilder
