Debbie,

I talk with Zane about an incident where there is supposedly an arrest warrant because of a hit and run. Zane said he was involved in an accident Saturday where he was the one hit by another driver. He was in contact with the police and indicated he was to provide an officer a statement about the accident.

I told Zane the claimed accident in question occurred before Saturday. He said there was no such accident. I told him someone had claimed he had hit another vehicle and then drove off. He again denied any involvement other than the Saturday incident. I thanked him for answering the questions and told him I had no other questions.

Zane seemed very calm and showed no reaction or emotion other than denying he had been involved in an accident prior to Saturday.

If you have any questions about this, please let me know.

Thanks.

Tony
