Importance: High

Tony, this is what I got from Cherlyn (772-3336). In my initial conversation with her, I told her that she would have to contact Beckie Gunter for the Lt. Governor's calendar. I then told her that I would be more than happy to pencil this in on your calendar.

I called her back on January 14th to make sure she was going to send an invitation. I also asked if she had gotten in contact with Beckie Gunter and she told me that the Lt. Governor has agreed to come as well.
