Subject: CFPB's new tool to help you plan for retirement

Good morning,

Every year more than 2 million Americans make one of the most important financial decisions of their lives: choosing when to begin collecting Social Security retirement benefits. Today, we are releasing **Planning for Retirement**, an interactive tool to help consumers make this important decision.

Check out our new online tool at www.consumerfinance.gov/retirement/.

We also invite you to watch the **live webcast** of the launch event today from 10 a.m. – 12 p.m. EST taking place at the Brookings Institution in Washington, D.C. CFPB Director Richard Cordray and Acting Commissioner of Social Security Carolyn W. Colvin will deliver remarks and a panel of experts will discuss how consumers can turn knowledge into action.

We hope that you find this tool helpful, and that you share it with family and friends.

Thank you,

Stacy Canan
Office for Older Americans

About the CFPB

The CFPB is a 21st century agency that helps consumer finance markets work by making rules more effective, by consistently and fairly enforcing those rules, and by empowering consumers to take more control over their economic lives.
