\$7 Million Invested in New Novant Health BMX Supercross Track in Rock Hill

Cyclists on launch lanes at the new Novant Health BMX Supercross Track

The city of Rock Hill has added a \$7 million motocross facility to its outdoor recreation venues in the growing Riverwalk development along the Catawba River. The new Novant Health BMX Supercross Track features amateur and Supercross start hills and a pump track, and will be the only Olympic-caliber BMX training facility on the East Coast. The facility also includes a concession stand, offices, a maintenance building and two multi-purpose athletic fields.

Three major events are already scheduled at the track, including the 2014 Gold Cup East Finals in mid October; the UCI BMX Supercross World Cup on Sept. 25-26, 2015; and the UCI BMX World Championships on July 26-30, 2017.

Other recently developed recreation facilities in Rock Hill's Riverwalk area are the Giordana Velodrome bicycling track, the Piedmont Medical Center Trail, new mountain bike trails, a kayak/canoe launch, and the Rock Hill Outdoor Center Greens.

Report New Tourism Investments in South Carolina!

Tourism employs one in every 10 people in South Carolina with a total impact of more than \$17 billion annually. Capital investment dollars are constantly pouring into the tourism industry, with hundreds of millions of dollars spent on projects each year. It is vital that this component is properly recognized as a cornerstone of our state's economy. We at the South Carolina Department of Parks Recreation & Tourism are contributing to this effort by compiling new tourism businesses and developments from across the state and announcing them to the public as often as possible.

If you are aware of new tourism investments - new hotels or major expansions, new attractions, golf courses or new visitor services - kindly notify SCPRT to help us keep track and raise awareness. Use the form at the [link](#) to get started!
