Digital Records Transformation in Public Safety: Going (truly) Paperless

Live webinar with Ed Claughton

Who should attend:
anyone who
manages records,
forms or document
imaging operations.

A live, downloadable and interactive event. Get course content, resources and your certificate right online. Interact with the instructor and attendees right from the comfort of your desk.

Instructor: [Ed Claughton](#)

Cost: \$149. Send as many as you want- only one paid registration per agency required.

Date: 1/31 and 2/21

Duration: 2.0 hrs.

- Does your agency still sign forms with a pen?
- Does your District Attorney's office tell you they have to have the "original"?
- Are you scanning agency forms?
- Does your agency believe a new CAD/RMS system means going paperless?

But...what about all that other paper including leave slips, memos, affidavits, bonds, OT forms, statements, watch orders, inventory forms, qualifications forms, rosters, booking sheets, property forms, warrants, etc? Are they on paper? Are they electronic but getting printed out, signed and scanned? Scanning should be done for retrieval of records- not storing them! Don't scan just to get rid of paper.

There's a better way to do it
