PUBLIC RECORDS LAW REQUEST

July 12, 2011

TO: Public Records Officer
Oregon Department of Human Services
500 Summer Street NE
Salem, OR 97301

This document constitutes a request under the Oregon Public Records Law, ORS 192.410-192.505, for copies of any documents related to active or expired Requests for Proposals issued by the State for contractual services to increase revenue received by the State from the Centers for Medicare and Medicaid Service or for reducing the costs of operating the Medicaid program.

This is a request for copies of existing public records, with electronic documentation sufficient and preferable.

These documents are being sought for business development purposes and are not sought for the purposes of any pending litigation.

Detailed description:

Consulting firms, including but not limited to Public Consulting Group, Maximus, Inc., Sellers Dorsey, and Health Management Associates frequently respond to Requests for Proposals to increase the revenue received or claimed by the individual state Medicaid agency by the federal Centers for Medicare and Medicaid Services and/or reduce the costs for operating the Medicaid program. These are commonly referred to as "Revenue Maximization Contracts", "federal funding enhancement contracts", and "cost avoidance contracts" among other variations on those terms. The purpose is to utilize the professional services of the vendor to increase the total amount of funding provided by the federal government to the state for Medicaid services or to reduce Medicaid costs.

This request includes the initial Request for Proposal, any responses to that RFP and any available contracts that resulted from the same.
