Subject: SC Alimony Law ~ Website email from David King

I am separated ,but still legally married. I am court ordered to pay alimony. My wife and her boyfriend openly travel together and spend nights together in Greenville. they openly and arrogantly post these trips and encounters on social media. I am subsidizing adultery. she is too intelligent to spend 90 straight days and nights with him, jeopardizing the alimony. How is this fair and justifiable under the law? How is this remotely moral? There is discussion limiting perpetual alimony, but that is far from the only issue. Thank you, for your time and consideration. Sincerely Dave King
