Subject: The elderly and disabled on Hilton Head

Dear Governor Haley, Thank you for your quick response in dealing with Hurricane Matthew. We evacuated to Columbia safely. My husband is currently in Palmetto Health Richland hospital. I returned to the island for some belongings to more of a nightmare than necessary. Our complex in Tabbywalk has been condemned. Who ,exactly ,is in charge of the elderly and disabled? When I took my FEMA certs a few year ago ,a coworker and I scored 100%. We were told to highlight the answers so the others would pass. We can't have stupid in this situation. There are a lot of people on the island without transportation. There are also a lot that are elderly and disabled. I am not just asking for myself. There are people in funny suits demanding that all first floor units be vacated. Again, how do the elderly and disabled do this? Can an extension for them be available? Where are they supposed to go? Nobody has answers to these questions. Can you please advise? Thank you for your time and assistance! Sincerely, Ellie
