September 30, 2015

Dear Governor,

My name is Daniel Gee and my 5th grade class is having a contest to see how many postcards we can get from around the country. Each student needs to receive at least two postcards from different states so I would like your help.

The postcard MUST have a fact about your state, it can be math or social studies, etc. - you choose.

Would you please send me a postcard at the address above? Thank you for helping my 5th grade class.

I ♥ the USA!

Sincerely,

Danny Gee
