Subject: I believe plate cost

Here's the cost breakdown, for a regular issue plate (not in a reissue year). These are the numbers 3M has in its current contract... does not include anticipated increases in material, shipping or mailing costs.

| | |
|------------------|------|
| Plate | 2.68 |
| Reg form | .217 |
| Mailing/shipping | 2.40 |
| Software | .11 |
| Total | 5.41 |

Administrative costs need to be added on top of this.
