Melanie,

The governor covered this in the following press conference(I think y'all covered it): <https://www.youtube.com/watch?v=q-ieP8IDdiw>

Chaney,

I'm doing a story today on SNAP benefits expiring for people in a certain age group without dependents in July. I know in the past the governor has asked for a waive for this deadline but has not asked for it this year. I was wondering if you all had a statement on what the governors plan is or why she does not see the need to apply for the waiver this year?

Thanks!
