Subject: Re: Quote from the Governor

We are hoping to go live with our website tonight. Have you had the opportunity to review and approve a quote from the Governor that we can use?

Thank you.

Rob,

I'm looking for something along the lines of "It's exciting to see the Team South Carolina effort paying dividends in Kershaw County. Working together we have achieved great things including recent announcements at Suominen, Haier and INVISTA. We are confident this growth will continue as the county makes new investment in industrial product and workforce development programs. Business and industry are thriving in the pro-business environment in Kershaw County."

Please edit as you need to.

Thank you.

Hi Peggy,

Yes, I don't think it's an issue at all to include a picture. Looping in our press team to help with a quote. Will you send back a suggested quote for their review?

Hope you are well!

Thanks,

Beth

Subject: Quote from the Governor

Beth,

We are working on a new website for our office. Would it be possible for us to use a quote from the Governor on our home page? Either one that specifically mentions Kershaw County economic development or economic development in general.

And we may use one of the photos of her from one of last year's announcements. Is that ok?

Thanks.
