**TO: Members of the South Carolina House of Representatives**

**RE: H.3579 – Infrastructure Funding (Support)**

Dear Members:

Infrastructure funding is a top priority this year for the South Carolina Chamber of Commerce, whose thousands of members are the state's unified voice of business. As outlined in the *2015 Competitiveness Agenda*, a comprehensive, sustainable and recurring funding solution must be achieved this year.

In keeping with our commitment to achieving infrastructure funding this year, the Chamber will score **the roll call vote for passage of H.3579** in the *2015 Legislative Scorecard*.
