Subject: RE: June Reimbursements

The Payment Request Form has got to get done. If we have to pay from Title III, do it. Providers are going to be complaining if we can't pay AAA's. Can invoices be processed Wednesday?

Good morning,

As a result of our meeting with you, our instructions were:

Any June invoice not processed in FY13 would be re-invoiced in FY14 .

PSAs would submit their request on the new template that Ruchelle is working on.

Title III 12 reimbursement will be to the penny ; all others this year will be whole dollars .

Ruchelle is currently working on the new Payment Request Forms.

I will talk with her this morning and get a time line for completion.

Please let me know, if you have any other questions,
Tommy

I have seen several e-mails from the AAA's asking about June reimbursements. Please see where we are with those.

Thanks.
