Went to Bakers creek state park and couldn't find stamp to stamp my official guide book! Anybody know where it is in park?

Hi Regina. According to staff, the stamp should be mounted outside of the office. The office is located at the pavilion that is over the lake. Did you check there?

If you live in the area, you can also go by Hickory Knob. They have an extra Baker Creek stamp there and can stamp your book for you. Hope that helps!
