Hoping Kevin could speed along the process of verifying/completing the renewal process which needed fingerprinting for my son, Kyle Haskell. This was an unknown requirement until the license was not renewed on 3/31/18. He already held an active license for years in Life and Health, he had fingerprinting done in another state that he resided in recently and held a license there. So, we did not know it was necessary. His fingerprinting was completed at 4:40 pm on 4/2/18 by Indentigo. Results were emailed directly to DOI that day. Thanks for your help!
