Subject: Mr. Zhang got the health care he needed

Dear ToNew York,

What do you do when a low-income client suddenly loses his benefits or is denied a medical treatment that could save his life? Hopefully, you turn to Justice in Aging to figure out how to fix the problem.

If you work with the high medical need, low-income population of individuals who are eligible for both Medicare and Medicaid (dual eligibles), you've likely utilized one of the resources for advocates we've created on the Coordinated Care Initiative, Balance Billing, Medicare Part D or some other pressing health care issue. That's why I'm writing today to ask you to take our partnership further and [support our work with a \\$10, \\$25, or \\$50 donation](#).

Please watch the video below to find out how Mr. Zhang, a Los Angeles dual eligible, got the health care he needed. It was truly a result of teamwork between an advocate like you and Justice in Aging. And I hope you'll feel moved to [make a donation of \\$10, \\$25, or \\$50](#) to support our work on behalf of individuals like Mr. Zhang.
