Subject: Wake up! It's time to go big on solar

Title: MR.  
First Name: Mark  
Middle Initial:  
Last Name: Butler  
Suffix: Sr.  
Street Address: 1110 McCrae Dr.  
Street Address 2:  
City: Moncks Corner  
State: SC  
Zip: 29461-8214  
Phone: (803) 734-2100

Email: knaptimeprod@homesc.com

Affiliation: South Carolina Resident

Message:

Solar energy can provide pollution-free, virtually limitless power for the United States.

It's already obvious that solar is growing, both here and across the country. Yet now, a small fraction of our power comes from the sun. Recent progress shows we can do much more.

I encourage you to move the United States toward a solar future by setting a baseline goal of at least 15% by 2030.
