Certificate of Achievement for Excellence in Financial Reporting

Presented to

South Carolina Retirement Systems

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 1999

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Introductory Section

South Carolina became the eighth state to ratify the United States Constitution in 1788. South Carolina stretches from the Atlantic Ocean to the Blue Ridge Mountains, containing 31,113 square miles. Fortieth in geographic area among the 50 states, it ranks 25th in population. The Palmetto State's 3.5 million citizens value its rich history, a legacy that is a prime factor in making tourism the State's second largest industry.

Honorable Jim Hodges, Governor
and
State Budget and Control Board
State of South Carolina

Gentlemen:

The comprehensive annual financial report (CAFR) of the South Carolina Retirement Systems for the fiscal year ended June 30, 2000, is submitted herewith. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the South Carolina Retirement Systems. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the Systems. All disclosures necessary to enable the reader to gain an understanding of the Systems' financial activities have been included. This report contains information on the following pension trust funds.

- ♦ The South Carolina Retirement System (**SCRS**) was established July 1, 1945, to provide retirement and other benefits for teachers and employees of the State and its political subdivisions. This system currently has 729 participating employers, over 204,000 active contributing members, and 63,000 retired members.
- ♦ The Police Officers Retirement System (**PORS**) was established July 1, 1962 to provide retirement and other benefits to police officers and firefighters. This system currently has 297 participating employers, approximately 24,500 active contributing members, and 6,200 retired members.
- ♦ The Retirement System for Members of the General Assembly of the State of South Carolina (**GARS**) and the Retirement System for Judges and Solicitors of the State of South Carolina (**JSRS**) were established January 1, 1966 and July 1, 1979, respectively. These systems are single-employer systems created to provide retirement and other benefits to members of the General Assembly and State Judges and Solicitors.

This report consists of five sections. The **Introductory Section** contains the director's letter of transmittal, an organizational chart of the agency, descriptions of our administrative responsibilities, and a legislative update. The **Financial Section** contains the opinion of our independent auditors, financial statements, and related schedules. The **Investment Section** contains schedules of investments and investment growth, a report from the State Treasurer, and a report from our investment consultant. The **Actuarial Section** contains our independent consulting actuary's certification, a summary of plan provisions for each System, and schedules of actuarial statistics. The **Statistical Section** contains various tables and schedules of significant data related to the Systems. The Systems are a part of the primary government of the State of South Carolina and are included in the comprehensive annual financial report of the State.

Introductory Section

Major Initiatives

This year has proven to be one of the most active in recent history as the Systems have instituted a variety of benefit enhancements.

Effective January 1, 2001, the number of years of service required for an unreduced service retirement benefit was reduced from 30 years to 28 years. At the same time optional forms of annuity payments were simplified, making the 100% and 50% survivor options, with pop-up feature the standard form for survivor protection.

Legislation was also passed to institute a deferred retirement option plan for members of the SCRS. Under this plan, referred to as the Teacher and Employee Retention Incentive Program (TERI), members of SCRS who are eligible for service retirement on or after January 1, 2001 are able to continue employment after retirement for a period up to five years with no earnings limitation. Participants under the TERI program defer receipt of 100% of their accrued monthly annuity into a separate account until the end of the TERI participation period.

Service Purchase Reform legislation expanded significantly the types of prior service members are allowed to purchase and provides for simplification of the service purchase process with a concise selection of service types.

A second optional retirement program—the State Optional Retirement Program —was legislated, effective July 1, 2000 to allow newly hired public school teachers and administrators the choice of a defined contribution program as an alternative to participation in SCRS.

Implementation of this legislation required an intense effort on the part of our staff from both an internal and an external perspective. The changes to our integrated systems were successfully made, tested and implemented. Cross training was utilized among staff members in order to meet the demand and at the same time expand the capacity of our staff. An intense communication effort was embarked upon with all of our resources united in a shared goal to educate our employers and our membership in the changes in the retirement provisions. Our Field Services Department scheduled Regional Employer Legislative Update meetings as a primary means of communication with our employers. Over 469 employers had attended these meetings as of August 2000.

In preparation for the anticipated increase in retirees resulting from the reduction in retirement eligibility our Field Services Department scheduled extensive group counseling sessions throughout the state. This program, titled **Ready-Set-Go**, provided a valuable educational tool for over 3,000 members approaching retirement eligibility.

Fiscal year 1999-2000 was a landmark period for our continued expansion into the equity market. At the beginning of the fiscal year our initial entry into the equity market included \$ 1.0 billion invested in the State Street S&P 500 Flagship Fund. During the fiscal year funds were invested among thirteen equity investment managers in order to introduce active management and achieve style diversification. Approximately fifteen percent of the retirement Systems' assets were invested in equities at the end of the fiscal year. Assets were allocated between the S&P 500 Fund and the thirteen investment managers with a market value of \$1.3 billion and \$1.6 billion, respectively.

We continued to expand our Internet project with over 170 employers currently participating in this program and we have targeted a total of at least 200 employers within the next few months.

Introductory Section

Certificate of Achievement

The Government Finance Officers' Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the South Carolina Retirement Systems for its comprehensive annual report (CAFR) for the fiscal year ended June 30, 1999. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized financial report, whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year. The Systems received a Certificate of Achievement for each of the last thirteen consecutive years (fiscal years ended 1987-1999). We believe this report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

The CAFR was prepared to conform with the principles of governmental accounting and reporting set forth by the Governmental Accounting Standards Board. Transactions of the Systems are reported on the accrual basis of accounting. Sufficient internal accounting controls exist to provide reasonable assurance regarding the safekeeping of assets and fair presentation of the financial statements and supporting schedules.

Additions to Plan Net Assets

In order for a retirement system to properly fund the payments of retirement benefits in future years, it is necessary to accumulate funds on a regular and systematic basis. The three principal sources from which the Systems derive revenues; employee contributions, employer contributions, and earnings on investments are summarized as follows:

	2000		1999		Increase (Decrease)	
	Amount (Millions)	Percentage of Total	Amount (Millions)	Percentage of Total	Amount (Millions)	Percentage
Employee Contributions:						
State departments	162.9	8.7%	154.5	11.4%	8.4	5.4%
Public Schools	166.1	8.9%	152.1	11.3%	14.0	9.2%
Other political subdivisions	100.8	5.4%	93.7	6.9%	7.1	7.6%
Total employee contributions	429.8	23.0%	400.3	29.6%	29.5	7.4%
Employer Contributions:						
State departments	214.8	11.5%	202.5	15.0%	12.3	6.1%
Public schools	200.8	10.8%	181.5	13.4%	19.3	10.6%
Other political subdivisions	124.9	6.7%	113.7	8.4%	11.2	9.9%
Total employer contributions	540.5	29.0%	497.7	36.8%	42.8	8.6%
Investment Income	891.3	47.8%	450.7	33.3%	440.6	97.8%
Other Income	4.0	0.2%	4.5	0.3%	(0.5)	-11.1%
	1,865.6	100.0%	1,353.2	100.0%	512.4	37.9%

Introductory Section

Revenues and Percentage Increase for the Year
(amounts expressed in millions)

Deductions to Plan Net Assets

Expenses of the Systems consist primarily of payments of monthly annuities to retired members and their beneficiaries and the refund of member contributions upon termination. Other programs administered by the Systems include a group life insurance plan for both active and retired members and an accidental death plan for police officers.

The following schedule presents a summary of deductions to net assets for the Systems for the fiscal year ended June 30, 2000:

	2000		1999		Increase (Decrease)	
	Amount (Millions)	Percentage of Total	Amount (Millions)	Percentage of Total	Amount (Millions)	Percentage
Total Annuities	879.4	88.9%	809.5	87.4%	69.9	8.6%
Refunds	83.2	8.4%	95.6	10.3%	(12.4)	-13.0%
Group Life	11.5	1.2%	8.5	0.9%	3.0	35.3%
Administrative & Other Expenses	14.9	1.5%	13.2	1.4%	1.7	12.9%
	989.0	100.0%	926.8	100.0%	62.2	6.7%

Expenses and Percentage Increase for the Year
(Amounts expressed in millions)

Introductory Section

Assets and Investments

Net plan assets on a combined basis exceeded \$19.7 billion this year; an overall growth of 5.3% over 1999. The State Treasurer, by statute, is the custodian and investment manager of all fixed income investments. A variety of investment instruments are authorized; including obligations of the United States, its agencies and securities fully guaranteed by the United States, certificates of deposit, collateralized repurchase agreements, certain corporate bonds, and equity securities. Effective May 26, 1998, legislation was passed implementing the 1996 public vote amending the Constitution to allow the Retirement Systems to invest in equity securities. This legislation established a five member panel responsible for defining the investment goals, objectives and the types of investments to be purchased. As of June 30, 2000, approximately 15 percent of the Retirement Systems' assets were invested in equities. The allocation of investments is presented in the following graph:

Introductory Section

Funding

The overall objective in the funding of any retirement system is to accumulate sufficient funds to pay benefits when due. The Systems continue to make improvements in the level of funding, thereby assuring all participants of the continued financial stability of the Systems.

Independent Audit

An audit is performed annually under the direction of the State Auditor's Office. The firm, Rogers & Laban, PA, Certified Public Accountants audited the financial statements for the year ended June 30, 2000. Their report is included in the financial section of this report.

Acknowledgments

The compilation of this report was intended to provide comprehensive and reliable information about the Systems, to demonstrate compliance with legal provisions, and as a means of determining responsible stewardship of the funds of the Systems. I would like to express my gratitude to the staff, to the members of the Board and their staffs, to the consultants, and to all people who have diligently worked to assure the continued responsible and successful operations of the Systems.

Respectfully submitted,

Robert C. Toomey

Organizational Chart

Introductory Section

Organizational Description

The structural organization of the Systems is depicted in our organizational chart. A brief description of the primary functions performed by each department follows:

Payment Management

Payroll Section

Responsible for the disbursement of monthly annuity payments to all retired members. Also, responsible for the disbursement of the lump-sum refunds of contributions to members who terminate covered employment prior to retirement and the disbursement of active and retiree group life insurance payments.

Customer Services

Responsible for member consultations in all phases of retirement operations and for the processing of customer claims relating to annuities, refunds, or death claims. Consultations may be on-line via the Internet, by telephone, in person, or through a video conference.

Financial Services

Financial Accounting Section

Responsible for the investment accounting function, the financial reporting function, and the compilation and issuance of the *Comprehensive Annual Financial Report*. Responsible for all employer services including employer reporting and membership enrollment and beneficiary information. Also, responsible for the service accounting function, the determination of the average final compensation for a member at retirement, and the auditing of service credit for our membership.

Field Services Section

Responsible for training employers in all aspects of the Retirement Systems' member benefits, reporting procedures, and the Internet accessed employer information system. Briefs governing bodies of prospective new employers on member benefits and new employer liability regarding potential costs associated with joining the Retirement Systems. Meet with employees as requested to present benefit overviews and preretirement education programs. Coordinate and conduct retirement seminars designed to better prepare members whose retirement is imminent.

Information Technology

Data Processing Section

Responsible for the design, implementation and control of all automated applications within the Systems.

Service Credit and Imaging Services

Service Credit and Imaging Section

Responsible for the computation of the cost for purchases of prior service for all members of the Retirement Systems. Also, responsible for the maintenance of complete historical records of each member.

Legal

Represents the South Carolina Retirement Systems in matters before circuit and appellate courts and administrative bodies. Provides program support to the management of the South Carolina Retirement Systems.

Introductory Section

Legislative Update

A myriad of legislation affecting the South Carolina Retirement Systems was passed during the 2000 session of the South Carolina General Assembly and subsequently signed into law by South Carolina Governor Jim Hodges. A summary of these legislative changes follows.

28-year Retirement

Effective January 1, 2001, members of the South Carolina Retirement System (SCRS) will be eligible to retire without a penalty with 28 years of service instead of the current 30 years of service.

Teacher and Employee Retention Incentive Program

The Teacher and Employee Retention Incentive (TERI) program, a deferred retirement option plan, was created to help alleviate a statewide shortage of teachers. Active SCRS members eligible for service retirement on or after January 1, 2001, who opt to participate in TERI may continue employment after retirement for a period up to five years with no earnings limitation. TERI participants defer the receipt of their retirement annuity until the end of the TERI participation period. TERI is an innovative tool to retain the employment of an experienced work force subsequent to retirement.

Service Purchase Reform

The South Carolina Code of Laws pertaining to service purchases was extremely complex prior to the enactment of service purchase reform. Effective January 1, 2001, the cost and types of service available to SCRS and PORS (Police Officers Retirement System) members for purchase will change. The new law replaces the 19 types of service currently available with 9 types of service. The cost structure was changed as well.

Payment Plans Available at Retirement

Legislation was enacted to change the types of payment plans available to SCRS and PORS members at retirement from seven plans to three. This reform provided for a retiree only annuity plan as well as two retiree-survivor annuity plans available to SCRS and PORS members who retire on or after January 1, 2001.

State Optional Retirement Program

South Carolina public school teachers and administrators hired after June 30, 2000, may opt to participate in the State Optional Retirement Program (ORP) in lieu of SCRS. The newly created State ORP is similar to an ORP available to certain employees of institutions of higher education and is a defined contribution plan.

Retiree Group Life Insurance Increases

The life insurance amounts paid to a retired SCRS or PORS member's beneficiary increased as follows effective July 1, 2000:

SCRS

10-19 years of service = \$2,000
20-29 (20-27 as of 01/01/01) years of service = \$4,000
30 (28 as of 01/01/01) years of service or more = \$6,000

PORS

10-19 years of service = \$2,000
20-24 years of service = \$4,000
25 years of service or more = \$6,000

Prorated Death Benefit

Effective July 1, 2000, the final month's benefit paid when a retired member dies is no longer prorated. If the monthly benefit has not already been paid to the deceased member, then the retired member's beneficiary or estate is entitled to receive the entire benefit amount for the month in which the retiree's death occurs.

Cost-of-living Adjustment Formula Changes

Effective January 1, 2000, if an annual cost-of-living adjustment (COLA) for retirees is approved, the COLA will be calculated as follows: if the Consumer Price Index (CPI) increases at least 4 percent in the previous year, the COLA will be 4 percent; if the CPI increases less than 4 percent, the COLA will be equal to the CPI increase.

401(k) Match Program Continues

The 401(k) match program established in 1999 was continued into FY 2000-2001 with a per person match of no more than \$300.

Financial Section

South Carolina is referred to as the Palmetto State. This name is most likely the result of both the presence of the Palmetto tree along the state's coast and the close association of the Palmetto tree with the history of South Carolina. In fact, the first decisive victory of the Revolutionary War was the repulse of a British fleet by patriot defenders in a palmetto log fort on Sullivan's Island on June 28, 1776.

ROGERS & LABAN, PA
CERTIFIED PUBLIC ACCOUNTANTS AND FINANCIAL CONSULTANTS

Independent Auditor's Report

The Honorable Jim Hodges, Governor;
Members of the State Budget and Control Board and
Mr. Thomas L. Wagner, Jr., CPA, State Auditor
State of South Carolina
Columbia, South Carolina

We have audited the financial statements of the South Carolina Retirement Systems as of and for the year ended June 30, 2000, as listed in the table of contents. These financial statements are the responsibility of the South Carolina Retirement Systems' management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note I, the financial statements present only the funds of the South Carolina Retirement Systems and do not include any other agencies, institutions, departments or component units of the State of South Carolina primary government.

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan net assets of the South Carolina Retirement Systems, as of June 30, 2000, and the changes in plan net assets for the year then ended in conformity with generally accepted accounting principles.

As discussed in Note VI to the financial statements, the South Carolina Retirement Systems is a party to a legal action claiming substantial amounts as a result of the computation of retirement benefits for certain retired members. The ultimate outcome of the litigation cannot be presently determined. Accordingly, no provision for any liability has been made in the accompanying financial statements.

The required supplementary information on pages 35 and 36 is not a required part of the financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The combining financial statements on pages 37 – 40 are presented for the purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

The information presented in the Introductory, Investment, Actuarial, and Statistical Sections is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied to the audit of the basic financial statements and, accordingly, we express no opinion on it.

South Carolina Retirement Systems Notes to Financial Statements

I. Basis of Presentation and Summary of Significant Accounting Policies

Description of the Entity

The financial statements of the South Carolina Retirement Systems (Systems) presented herein contain the following funds:

Pension Trust Funds

- South Carolina Retirement System (SCRS)
- South Carolina Police Officers Retirement System (PORS)
- Retirement System for Members of the General Assembly of the State of South Carolina (GARS)
- Retirement System for Judges and Solicitors of the State of South Carolina (JSRS)

Each pension trust fund operates on an autonomous basis; funds may not be utilized for any purpose other than for the benefit of each plan's participants.

The Retirement Systems are part of the State of South Carolina's primary government and are included in the *Comprehensive Annual Financial Report of the State of South Carolina*. In making this determination, factors of financial accountability, governance and fiduciary responsibility of the State were considered.

Plan Descriptions

The South Carolina Retirement System, a cost-sharing multiple-employer defined-benefit pension plan, was established effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the 1976 South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for teachers and employees of the State and political subdivisions thereof.

The South Carolina Police Officers Retirement System, a cost-sharing multiple-employer defined benefit pension plan, was established effective July 1, 1962, pursuant to the provisions of Section 9-11-20 of the Code of Laws for the purpose of providing retirement allowances and other benefits for police officers and firemen.

The Retirement System for Members of the General Assembly of the State of South Carolina, a single-employer defined benefit pension plan, was created effective January 1, 1966, pursuant to the provisions of Section 9-9-20 of the Code of Laws to provide retirement allowances and other benefits for members of the General Assembly.

The Retirement System for Judges and Solicitors of the State of South Carolina, a single-employer defined benefit pension plan, was created effective July 1, 1979, pursuant to the provisions of Section 9-8-20 of the Code of Laws for the purpose of providing retirement allowances and other benefits for judges and solicitors.

Financial Section

A summary of information related to participating employers and members as of June 30, 2000 follows (dollars in thousands):

	<u>State*</u>	<u>School</u>	<u>Other</u>	<u>Total</u>

Financial Section

A brief summary of benefit provisions, eligibility criteria and vesting is presented.

Membership

SCRS

Generally, all employees are required to participate in and contribute to the System as a condition of employment. This plan covers general employees and teachers.

PORS

Generally, all full-time employees whose principal duties are the preservation of public order, protection of life and property, detection of crime, or prevention and control of property destruction by fire are required to participate in and contribute to the System as a condition of employment.

GARS

All persons are required to participate in and contribute to the System upon taking office as a member of the General Assembly.

JSRS

All solicitors, judges of a Circuit or Family Court and justices of the Court of Appeals and Supreme Court are required to participate in and contribute to the System upon taking office.

Pension Benefits

SCRS

A monthly pension is payable at age 65 or with 30 years credited service regardless of age. Reduced pension benefits are payable as early as age 55. A member is vested for a deferred annuity with five years service. A group life insurance benefit is also provided to members with at least one year of service.

PORS

A monthly pension is payable at age 55 with a minimum of five years service or with 25 years credited service regardless of age. A member is vested for a deferred annuity with five years service. A group life insurance benefit is also provided to members with at least one year of service. An additional accidental death benefit is provided to officers killed in the line of duty.

SCRS and PORS retirees may receive ad hoc cost-of-living adjustments of up to 4 percent annually based on increases in the Consumer Price Index. These increases are provided annually based on compliance with the Systems funding policies and upon approval by the State Budget and Control Board.

GARS

A member is eligible for a monthly pension at age 60 or with 30 years credited service. A member is vested for a deferred annuity with eight years service. A group life insurance benefit is also provided to members with at least one year of service.

JSRS

A pension benefit is payable at age 70 with 15 years service, age 65 with 20 years service or with 25 years service regardless of age. A member is vested for a deferred annuity with 12 years service. A group life insurance benefit is also provided to members with at least one year of service.

Automatic cost-of-living adjustments for GARS and JSRS are provided based upon increases in current salary of the respective active positions.

Membership, benefits and employee and employer contribution requirements are prescribed in Title 9 of the S.C. Code of Laws of 1976 (as amended).

As an alternative to membership in SCRS, certain teachers and administrators of the institutions of higher learning employed on or after July 1, 1987 may elect to participate in the Optional Retirement Program (ORP). Certain teachers and administrators of the public supported technical colleges employed on or after July 1, 1998 also have the option to participate in this program. The SCRS assumes no liability for the ORP participants. Contributions to the ORP are at the same rates as SCRS. A direct remittance is required from the institutions and technical colleges to the vendors for the member's contribution (6 percent) and the employer portion of the normal cost (5 percent). Also, a direct remittance is required for the employer's portion of the unfunded liability (2.55 percent) to SCRS in order for this portion to be retained by SCRS and applied to the unfunded accrued liability of the System.

Based on covered payroll of \$177.8 million, \$4.5 million was retained by SCRS and reported as employer contributions for the year ended June 30, 2000. Employee and employer contributions of \$10.7 million and \$8.9 million respectively were remitted directly to the designated vendors from the institutions and the technical colleges.

Summary of Significant Accounting Principles

Fund Structure

The Systems' accounts are maintained in accordance with the principles of fund accounting. This is the procedure whereby resources for various purposes are classified for accounting and reporting purposes into funds that are in ac-

Financial Section

cordance with specified activities or objectives. Separate pension trust funds (fiduciary fund type) are used to account for the activities of the four public employee retirement systems administered by the Systems.

Basis of Accounting

All funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Cash and Cash Equivalents

The Systems classify as cash and cash equivalents cash on deposit in financial institutions and cash on deposit in the State's internal cash management pool. The Systems also classify certain short-term highly liquid securities with an original maturity of three months or less as cash equivalents.

Contributions

Employee and employer contributions are reported in the period in which the contributions are due. Substantially all contributions receivable are collected within 30 days of year-end. Under certain conditions new employers entering the System are allowed up to 10 years to remit matching employer contributions resulting from their employee's purchase of prior service credits. Interest is assessed annually on the unpaid balance of these accounts. Transfers between systems are statutorily authorized transfers of contributions and service credit from one retirement system to another retirement system.

Investments

Investments are reported at fair value. Short term securities categorized as cash or cash equivalents are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price. Investment income consists of realized and unrealized appreciation (depreciation) in the fair value of investments, interest income earned, dividend income earned, less investments expense, plus income from securities lending activities, less deductions for security lending expenses. Securities and securities transactions are reflected in the financial statements on a trade-date basis.

Fixed Assets

Fixed assets are capitalized at cost and depreciated on a straight-line basis over an estimated useful life of forty years for the building.

II. Contributions and Reserves

Contributions to each of the Plans are prescribed in Title 9 of the South Carolina Code of Laws.

Plan members are required to contribute at the following statutorily established rates:

SCRS	6% of salary
PORS	6.5% of salary
GARS	10% of earnable compensation
JSRS	7% of salary

Employer contributions are established by the State Budget and Control Board at the actuarially determined rates recommended by the Systems' actuary.

In accordance with provisions of the 1999-2000 State Appropriations Act, an additional employer contribution surcharge of 1.95 percent of covered payroll for the period of July 1999 – December 1999, and 2.16 percent for the period of January 2000 – June 2000, was added to the contribution rate applicable to State and Public School entities covered by the State Health Insurance Plan. This assessment is for the purpose of providing retiree health insurance coverage and is not a part of the actuarially established contribution rates. Functioning as a collecting agent, SCRS and PORS collected (in thousands) \$99,886 and \$6,384 respectively in retiree insurance surcharges (\$3,660 of which was applicable to the Optional Retirement Program) and remitted these funds to the Office of Insurance Services (administering agency for the State Health Insurance Plan).

Net Assets of each plan are required to be reserved in the following accounts:

The Employee Fund is credited with all contributions made by active members of the Systems. Interest is added to each member's individual account at an annual rate of 6 percent. Upon termination of employment prior to retirement, employee contributions and accumulated interest may be refunded from this fund to the employee. Upon retirement, members' accumulated contributions and interest are transferred to the Employer Fund for subsequent payment of benefits.

The Employer Fund is the fund to which all employer retirement contributions and investment earnings of the Employee and Employer Funds are credited.

Interest earnings allocated to individual member accounts in the Employee Fund are transferred from the Employer Fund. At retirement, accumulated employee contributions and interest are transferred from the Employee Fund to the Employer Fund. All annuities and administrative expenses of the Systems are paid from the Employer Fund.

The Group Life Insurance Fund (SCRS and PORS only) is the fund to which participating employers contribute for the purpose of providing a life insurance benefit to active and

Financial Section

retired members of the Systems. Employer contributions and earnings are credited to this fund. Group life insurance benefit payments are charged to this fund.

The Accidental Death Fund (PORS only) is the fund to which participating employers contribute for the purpose of pro-

viding annuity benefits to beneficiaries of police officers and firemen killed in the actual performance of their duties. This fund and its benefits are independent of any other retirement benefit available to the beneficiary. Employer contributions and investment earnings are credited to this fund. Monthly annuities are disbursed from this fund.

Balances (amounts in thousands) in the respective reserves at June 30, 2000, were as follows:

	SCRS	PORS	GARS	JSRS
Employee Fund	\$4,563,513	\$427,449	\$9,220	\$12,979
Employer Fund	12,823,206	1,582,411	31,645	75,019
Group Life Insurance Fund	100,561	16,149		
Accidental Death Fund		17,026		
	<u>\$17,487,280</u>	<u>\$2,043,035</u>	<u>\$40,865</u>	<u>\$87,998</u>

III. Investments and Deposits

As prescribed by statute, the State Treasurer is the custodian and investment manager of all fixed income investments and deposits of the Systems. The Systems may invest in a variety of instruments including obligations of the United States and its agencies and securities fully guaranteed by the United States, certain corporate obligations, certain shares of Federal savings and loan associations and State chartered savings and loan associations, and collateralized repurchase agreements, and equity securities.

The Systems maintains a portfolio of short-term securities in order to actively manage all funds waiting to be placed in a more permanent investment. These short-term securities may include U.S. Treasury obligations, commercial paper and repurchase agreements.

Short-term Securities Fair Value as of June 30, 2000 (Amounts in thousands)

	SCRS	PORS	JSRS
Federal Agency paper	\$242,588		\$999
Commercial paper	49,260	\$8,834	
Total	<u>\$291,848</u>	<u>\$291,848</u>	<u>\$999</u>

Effective May 26, 1998, legislation was passed implementing the 1996 public vote amending the State Constitution to allow the Retirement Systems to invest in equity securities. This legislation established a five-member investment panel responsible for defining and developing the investment goals, objectives and the types of investments to be purchased. The Act also specified that a maximum of 10 percent of assets for each system may be invested in equities annually until a maximum of 40 percent of assets are invested in equities. The annual Investment Plan adopted by the panel for 1998-1999 provided for 5 percent of the assets to be invested in an S&P 500 index fund. The annual Investment

Plan adopted by the panel for 1999-2000 provided for an additional investment of 10 percent of the market value of the Systems' assets (as of June 30, 1999) in the equity market during the 1999-2000 fiscal year. As of June 30, 2000, approximately 15 percent of the Retirement Systems' assets were invested in equities as follows:

Equity Investments as of June 30, 2000 (Amounts in thousands)

	S&P 500 Index Fund	Equities	Total Equities
SCRS	\$1,207,435	\$1,384,451	\$2,591,886
PORS	137,591	160,371	297,962
GARS	2,864	3,220	6,084
JSRS	6,038	6,849	12,887
TOTAL	<u>\$1,353,928</u>	<u>\$1,554,891</u>	<u>\$2,908,819</u>

Effective December 16, 1998, an agreement was executed between the Systems and a consultant related to the investment consulting services necessary to fulfill the duties for investing in equity securities. The agreement commenced upon the effective date of December 16, 1998 and expired June 30, 2000 (end of fiscal year) with an automatic renewal for another fiscal year unless terminated based on the terms of the contract. There has been no termination of the agreement; therefore, the automatic renewal will be effective for the next fiscal year.

Effective June 14, 1999 an agreement was executed between the Systems and an equity investments manager. The agreement is effective for a period of one year from the June 14, 1999 effective date with a renewal provision on a year-by-year basis for a maximum of four additional years. During the terms of the agreement, the manager will comply with all applicable provisions of laws, codes, ordinances, rules and regulations, tariffs, and industry standards.

Financial Section

During fiscal year 1999-2000 individual agreements were executed between the Systems and thirteen equity investment managers in order to introduce active management and achieve style diversification.

Through a custodial agent, SCRS, PORS, GARS and JSRS participate in a securities lending program whereby securities are loaned for the purpose of generating additional income to the Systems. The Systems lend securities from their investment portfolios on a collateralized basis to third parties, primarily financial institutions. The market value of the required collateral must initially meet or exceed 102 percent of the market value of the securities loaned, providing a margin against a decline in the market value of the collateral, and requires additional collateral if the collateral value falls below 100 percent. There are no restrictions on the amount of securities that may be loaned. The types of securities available for loan during the year ended June 30, 2000, included U.S. corporate bonds, equities, and U.S. Govern-

ment securities. The contractual agreement with the Systems' custodian provides indemnification in the event the borrower fails to return the securities lent or fails to pay the Systems income distribution by the securities' issuers while the securities are on loan. Cash and U.S. Government securities were received as collateral for these loans. The Systems cannot pledge or sell collateral securities without a borrower default. The Systems invests cash collateral received; accordingly, investments made with cash collateral appear as an asset. A corresponding liability is recorded as the Systems must return the cash collateral to the borrower upon the expiration of the loan. The weighted average maturity of collateral investments generally matched the maturity of the loans during the year. At year end the average number of days that loans were outstanding was one day and the average weighted maturity of investments ranged from three days to 18 days. There have been no losses resulting from a default and the Systems did not have negative credit exposure at June 30, 2000.

The following table presents the fair value (in thousands) of the underlying securities and the total collateral received for securities on loan at June 30, 2000:

	SCRS	PORS	GARS	JSRS	TOTAL
Securities lent for cash collateral:					
U.S. Government securities	\$1,143,993	\$119,663	\$2,003	\$3,292	\$1,268,951
Corporate bonds	34,617				34,617

Commercial paper	8,907	1,034	21	44	10,006
Total for cash collateral invested	1,277,578	130,418	2,201	3,696	1,413,893
Securities received as collateral:					
U.S. Government securities	19,593	5,125		1,025	25,743
Total collateral invested	\$1,297,171	\$135,543	\$2,201	\$4,721	\$1,439,636

Governmental accounting standards require that the investments reported as of the balance sheet date be categorized according to the level of credit risk associated with the Systems' custodial arrangements at that time. The level of credit risk is defined as follows: Category 1 - insured or registered, or securities held by the Systems or in the Systems' name; Category 2 - uninsured and unregistered, with securities held by the counterparty's trust department or agent in the Sys-

tems' name; and Category 3 - uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the Systems' name. A security, for purposes of classification, is a transferable financial instrument that evidences ownership or creditorship. Investments included in the "Equities - S&P 500 Index Fund," a mutual fund, are not considered securities for purposes of credit risk classification.

On June 30, 2000, the Systems held collateralized mortgage obligations (CMOs) in our portfolios. The CMOs in these portfolios consist of the planned amortizations class-1 (PAC 1) tranche of these issues. The PAC-1 tranche CMO structure securities were entered into for several reasons: (1) to protect the Retirement Systems' portfolios from principal prepayment risk during an environment of declining interest rates, (2) to provide incremental yield above that available on corporate securities with similar terms, (3) to provide diversification in the portfolios, (4) to maintain the high quality of government-sponsored credits in the portfolios, and (5) to utilize the estimated future term cash flows provided by these securities to match the term of the liabilities of the Retirement Systems. These securities are all rated AAA by the major rating agencies and the PAC-1 structure is a highly marketable security. The Systems held the following CMOs included in the financial and other investments category (in thousands):

	<u>June 30, 2000</u>	<u>June 30, 1999</u>
	<u>Fair Value</u>	<u>Fair Value</u>
SCRS	\$612,040	\$724,780
PORS	29,059	48,675
GARS	1,299	1,331
JSRS	1,027	2,178
Totals	<u>\$643,425</u>	<u>\$776,964</u>

On June 30, 2000, the Systems also held asset-backed securities in our portfolios. These securities had an average life of one to three years with a legal final maturity of five to six years. These securities represent an undivided ownership interest in a trust consisting of credit card, auto loan and utility receivables. These securities are rated AAA by the major rating agencies.

Financial Section

The Systems held the following asset-backed securities included in the financial and other investments category (in thousands):

In addition to CMOs and asset backed securities, the financial and other investments category primarily consisted of corporate financial paper as follows (in thousands):

	June 30, 2000	June 30, 1999		June 30, 2000	June 30, 1999
	<u>Fair Value</u>	<u>Fair Value</u>		<u>Fair Value</u>	<u>Fair Value</u>

			JSRS	<u>6,753</u>	<u>7,390</u>
			Totals	<u>\$1,931,776</u>	<u>\$2,043,937</u>

All deposits are required to be insured or collateralized with securities held by the State or its agent in the State Treasurer's name as custodian. Certain short-term, highly liquid securities, which were insured or registered by the Systems or in the Systems' name (credit risk category 1), with an original maturity of three months or less are considered cash equivalents in accordance with Governmental Accounting Standards Board Statement 9. Cash and cash equivalents (in thousands) at June 30, 2000, were composed of the following:

Financial Section

V. Related Party Transactions

The State Budget and Control Board's Office of Internal Operations maintains an internal service fund (Agency Operations Internal Service Fund) to account for the administrative costs of operating the Systems. This fund assesses administrative charges to each of the pension trust funds based on its respective proportion of total assets. These administrative charges for operating the pension funds are determined on essentially a cost recovery basis using the State's budgetary basis of accounting to determine costs.

The pension plans provide pension and other fringe benefits to employees of all State agencies. Revenues attributed to these agencies are recorded in the financial statements as employee and employer contributions and constitute approximately 39 percent of combined contribution revenues. In addition, the Systems receives custodial, investment and related services from the State Treasurer.

At June 30, 2000, liabilities of approximately \$15.9 million were due to other State departments and agencies and contributions receivable of approximately \$23.9 million were due from other State departments and agencies.

VI. Litigation

The South Carolina Retirement Systems is involved in a lawsuit filed by four retired members. The plaintiffs challenge the Systems' treatment of unused annual leave in the calculation of retirement payments. The Circuit Court ruled in favor of the State at trial and the plaintiffs appealed the decision to the South Carolina Supreme Court. On May 22, 2000, the Supreme Court found in favor of the plaintiffs. The State filed a motion for rehearing on June 21, 2000. On July 24, 2000, the Supreme Court unanimously granted the State's request for a rehearing. The State's liability in the event of an unfavorable outcome would be approximately \$2.0 billion for retirees and active members of SCRS and PORS. The State continues to defend its position and believes it is meritorious.

The South Carolina Palmetto was adopted as the official state tree in 1939. The South Carolina Palmetto is commonly known as the Cabbage Palmetto and has long been closely associated with South Carolina's history. The tree is represented on the State Flag as well as on the State Seal, where it is symbolical of the defeat of a British fleet by the fort, built of Palmetto logs, on Sullivan's Island. The Palmetto is an attractive feature of the coastal areas of South Carolina.

November 1, 2000

The Honorable Jim Hodges
Governor, State of South Carolina
Members of the General Assembly of South Carolina

Dear Governor and Members:

As Custodian of Funds for the South Carolina Retirement Systems (SCRS), I am pleased to provide information on the SCRS investments for Fiscal Year ended June 30, 2000.

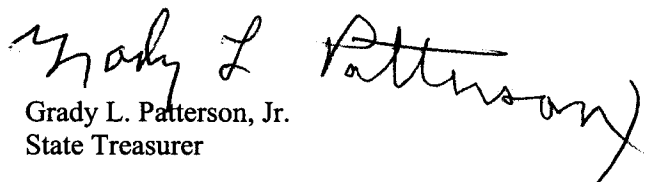

We entered the Millennium with a commitment to invest 15% of the SCRS portfolios in equity investments. Of that 45% was invested in a passive stock index fund and 55% in actively managed stocks. This moves us closer to the legislatively established goal of 40% in equities and 60% in fixed income. The State Budget and Control Board, trustee and fiduciary agent for the SCRS, continues to diligently monitor the Equity Annual Investment Plan and work with the hired consultant and Investment Panel in identifying equity investment opportunities and progress.

Fixed income investments are managed in house by the State Treasurer's Office. We communicate regularly with our investment consultant to identify the best market opportunities. Authorized investments for fixed income are of the highest quality U.S. Governments and Agencies, corporate securities and repurchase agreements, and hold an average rating of AA. For Fiscal Year 1999-2000, the accrual yield for the fixed income portfolio was 8.65%, which was well in excess of the actuarial rate of 7.25%. We continue to maintain sufficient cash or equivalent liquidity in order to fund the equity program and meet the established goals.

The overall success of our investment program has once again provided sufficient interest income to fund a Cost of Living Allocation to our retirees.

I take great pride in serving as Custodian of Funds for the South Carolina Retirement Systems and am pleased to provide information related to these investments.

Very truly yours,

Grady L. Patterson, Jr.
State Treasurer

**WILLIAM M.
MERCER**

Investment Consulting

November 15, 2000

The Honorable Jim Hodges
Governor
State Budget and Control Board
Columbia, SC 29211

Gentlemen:

During the prior two fiscal years, the State Budget & Control Board has overseen the initial investment of the assets of four pension systems, the South Carolina Retirement System, Retirement System for Members of the General Assembly, Retirement Systems for Judges and Solicitors, and the Police Officers Retirement System (collectively referred to as "Systems") into equity securities. William M. Mercer Investment Consulting, Inc. ("Mercer"), as the consultant to the Budget and Control Board and the Board's designated State Retirement Systems Investment Panel, has assisted the Systems throughout this initial transition.

From an initial investment in June 1999 of \$916 million in a passive investment fund designed to mimic the return of the Standard & Poor's 500 index, the equity investment program has grown to its current total market value (including accruals) of \$2.97 billion as of June 30, 2000, complete with thirteen active managers in addition to the passive fund manager and spanning the spectrum of domestic based equity investments. This includes large, medium, and small capitalization companies in each of three primary styles: value, growth and core, as shown in the table below:

	Growth	Core	Value	Passive	Total
Large Cap	416,159,490	288,182,979	461,403,559	1,353,928,043	\$2,519,674,071
Small-Mid Cap	167,850,134	91,911,573	191,152,593		\$450,914,300
Total	\$584,009,624	\$380,094,552	\$652,556,152	\$1,353,928,043	\$2,970,588,371

In order to build this diversified equity program, Mercer has assisted the Investment Panel and the Board in the selection process for investment management firms to manage specific mandates within the overall equity program. The Investment Panel and Board have dedicated significant time and effort to implementing the program, and their efforts have been rewarded. For the twelve months ended June 30, 2000, the Systems' equity portfolio outperformed its benchmark, the S&P 500, by a wide margin, 10.1% for the Systems compared to 7.3% for the S&P 500 Index. This feat is even more impressive since it was achieved during a period of enormous transition for the Systems as all of the active managers were selected and funded during the fiscal year. Further, the past twelve months have seen tremendous volatility in the domestic equity market, and the Systems' program still managed to prosper. For the twelve months ended September 30, 2000, the

Page 2

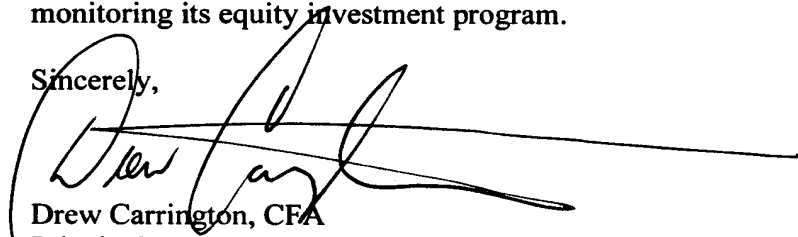

Systems' equity portfolio returned 17.0%, versus the S&P 500 return of 13.3%. The Systems is moving up to the long-term target of 40% of the assets being invested in equities in annual 10% increments as required by current law. During Fiscal Year 2000 this annual allocation totaled \$1.84 billion.

William M. Mercer Investment Consulting, as the Systems' consultant, is responsible for providing quarterly investment performance reports (prepared in accordance with the performance presentation standards promulgated by the Association of Investment Management & Research, or AIMR) for evaluating the performance of the Systems equity portfolio and managers. Performance is evaluated, compared to market benchmarks and to other similar managers over various periods of time. These reports are prepared using data provided by the Systems' custodian and investment managers.

This equity investment program is governed by a Statement of Investment Objectives and Policies, which includes the general guidelines and goals for investment of the Systems' assets. The equity investment program is implemented through an Annual Investment Plan (AIP) which details the funding of the active managers, asset allocations, and permissible investments. Both of these documents were prepared by the Investment Panel, the Systems' staff, and William M. Mercer Investment Consulting and were approved by the Budget and Control Board.

William M. Mercer Investment Consulting, Inc. is registered with the SEC as an investment advisor, and has been providing investment consulting services to plan sponsors since 1972. Mercer was selected as the consultant for the Systems through a Request for Proposal ("RFP") process and has served in that capacity since December 1998. Today Mercer serves over 500 plan sponsors and trustees, including several other state retirement systems. We look forward to continuing to assist the Budget and Control Board, the Investment Panel and the State of South Carolina in further developing and monitoring its equity investment program.

Sincerely,

Drew Carrington, CFA
Principal

Actuarial Section

The Yellow Jessamine was adopted as the state flower in 1924 for the following reasons: it is indigenous to every nook and corner of the State; it is the first premonitor of coming Spring; its fragrance greets us first in the woodland and its delicate flower suggests the pureness of gold; its perpetual return out of the dead Winter suggests the lesson of constancy in, loyalty to and patriotism in the service of the State.

Actuarial Section

October 9, 2000

State Budget and Control Board
South Carolina Retirement Systems
Columbia, South Carolina 29211

Gentlemen:

The laws governing the operation of the various Retirement Systems provide that actuarial valuations of the assets and liabilities of the Systems shall be made annually for the South Carolina Retirement System and the Police Officers Retirement System and no less frequently than biennially for the General Assembly Retirement System and the Judges and Solicitors Retirement System. We have submitted the results of the actuarial valuations prepared as of July 1, 1999. In preparing the valuations the actuary relied on data provided by the Systems. While not verifying the data at source, the actuary performed tests for consistency and reasonability. Our firm, as actuary, is responsible for all of the actuarial trend data in the financial section of the report and the supporting schedules in the actuarial section.

The financing objective of the Systems is that contribution rates will remain relatively level over time as a percentage of payroll. Contribution rates are developed using the entry age normal cost method. Since the previous valuation, certain rates of decrement (retirement, disability, withdrawal, and mortality) assumptions along with the salary increase assumption have been revised. The normal contribution rate to cover current cost has been determined as a level percentage of payroll. A market related value of plan assets is used for actuarial valuation purposes. Gains and losses are reflected in the unfunded accrued liabilities that are being amortized by regular annual contributions as a level percent of payroll within a 30-year period, assuming $3\frac{3}{4}\%$ annual payroll growth for the South Carolina Retirement System and the Police Officers Retirement System, 2% annual payroll growth for the General Assembly Retirement System and $5\frac{1}{4}\%$ annual payroll growth for the Judges and Solicitors Retirement System. The assumptions recommended by the actuary are in the aggregate reasonably related to the experience under the Systems and to reasonable expectations of anticipated experience under the systems. The assumptions and methods used for funding purposes meet the parameters set for the disclosures presented in the financial section by Government Accounting Standards Board (GASB) Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*. The following schedules present summaries of the principal results of the valuations prepared as of July 1, 1999 and the actuarial methods and assumptions used to prepare the valuations.

Page 2

In our opinion the Systems are operating on an actuarially sound basis. Assuming that contributions to the Systems are made by the employers from year to year in the future at the rates recommended on the basis of the successive actuarial valuations, the continued sufficiency of the retirement funds to provide the benefits called for under the Systems may be safely anticipated.

Sincerely,

Wallace W. Wilson, F.S.A.
Consulting Actuary
Enrolled Actuary No. 99-1677

Actuarial Section

DEATH AFTER RETIREMENT: 1983 Group Annuity Mortality Tables for service retirement and dependent beneficiaries. A special mortality table is used for disability retirements.

COST OF LIVING INCREASES: None assumed.

ADOPTION DATE: The current actuarial assumptions were adopted by the State Budget and Control Board on March 9, 1999.

VALUATION METHOD: Projected benefit with level percentage entry age normal cost and open-end unfunded accrued liability. Gains and losses are reflected in the period remaining to liquidate the unfunded accrued liability. Group life insurance benefits are provided on a one-year term cost basis.

ASSET VALUATION METHOD: Actuarial Value, as developed in the following schedule. The actuarial value of assets recognizes a portion of the difference between the market value of assets and the expected value of assets, based on the assumed valuation rate of return. The amount recognized each year is 20% of the difference between market value and expected value. The actuarial value of assets is limited to a range between 80% and 120% of market value.

Development of Actuarial Value of Assets (All dollar amounts are in thousands)

(1) Actuarial Value of Assets on July 1, 1998	\$ 14,946,070

	7-01-90	666,699	749,089	89.0%	82,390	355,760	23.2%

Note: Effective 7-1-95, actuarial assumptions were changed as a result of a 5 year experience study, the interest assumption was changed from 8% to 7.25%, an assumption of future COLA adjustments were removed (SCRS and PORS) and the method of valuing assets was changed from book value to a smoothed market value.

Effective 7-1-99, actuarial assumptions were changed as a result of a 5 year experience study. The rates of salary increase assumption, the assumed retirement rates, disability incidence assumptions and withdrawal rate assumption were revised for both SCRS and PORS. In addition, the assumed mortality rate of retired SCRS members were revised, along with the assumed mortality rates of active and disabled members for PORS.

Note: Effective 7-1-95, actuarial assumptions were changed as a result of a 5 year experience study, the interest assumption was changed from 8% to 7.25%, an assumption of future COLA adjustments were removed (SCRS and PORS) and the method of valuing assets was changed from book value to a smoothed market value.

Effective 7-1-99, actuarial assumptions were changed as a result of a 5 year experience study. The rates of salary increase assumption, the assumed retirement rates, disability incidence assumptions and withdrawal rate assumption were revised for both SCRS and PORS. In addition, the assumed mortality rate of retired SCRS members were revised, along with the assumed mortality rates of active and disabled members for PORS.

Summary of Basic Provisions

SCRS	PORS	GARS	JSRS
1. Membership			
Generally all employees are required to participate in the Systems as a condition of employment.	Generally all full time employees whose principal duties are the preservation of public order, protection or prevention and control of property destruction by fire.	All persons are required to participate upon taking office as member of the General Assembly.	All solicitors, judges of a Circuit or Family Court and justices of the Court of Appeals and Supreme Court are required to participate upon taking office.
2. Employee Contributions			
6% of salary.	6.5% of salary.	10% of earnable compensation	7% of total salary.
3. Employer Contributions			
Class II – 7.55% of salary for State Departments and Public Schools.	10.3% of salary.	Annual lump-sum appropriation	40.76%
6.7% of salary for all other participating employers.			
Group Life Insurance .15% of salary.	.2% of salary.	Included within annual lump-sum appropriation.	.75%
Accidental Death Program N/A	.2% of salary.	N/A	N/A
4. Vesting Requirements			
5 years – entitled to a deferred annuity commencing at age 60.	5 years – entitled to a deferred annuity commencing at age 55.	8 years	12 years
5. Normal Retirement Age			
Age 65.	Age 55 with 5 years of service.	Age 60.	Age 72.
6. Requirements for Full Service Retirement			
Age 65 or 30 years of credited service.	Age 55 with 5 years of service or 25 years of credited service.	Age 60 or 30 years of service.	Age 70 with 15 years of service, age 65 with 20 years service, 25 years service regardless of age.
7. Early Retirement			
Age 60 with 5% reduction for each year under age 65;	N/A	N/A	N/A
Age 55 with 25 years service, reduced 4% for each year of service under 30.

8. Formula for Normal Service Retirement

1.82% of AFC times years of credited service.

Class I - \$10.97 per month.
Class II - 2.14% of AFC times years of credited service.

4.82% of earnable compensation times years of credited service.

Annual allowance of 71.3% of the current active salary of the position.

9. Requirements for Disability Retirement

5 years of credited service unless injury is job related.

5 years of credited service unless injury is job related.

5 years of credited service.

5 years of credited service.

10. Formula for Disability Retirement

Service retirement benefit based upon continued service to age 65 with no change in compensation.

Service retirement benefit based upon continued service to age 55 with no change in compensation.

The greater of:
a. Service benefit based upon actual credited service.
b. 50% of service benefit based upon continued service to earlier of age 60 or 35 years service.

Service retirement formula.

11. Benefit Options

Maximum Benefit
Formula benefit as calculated in item 8. Any unrecovered contributions paid upon death.

Maximum Benefit
Formula benefit as calculated in item 8. Any unrecovered contributions paid upon death.

Maximum Benefit
Formula benefit as calculated in item 8. Any unrecovered contributions paid upon death.

Maximum Benefit
Formula as calculated in item 8. Continued benefit of one-third of retirant's benefit to a spouse beneficiary upon death of retirant.

Option 1
Reduced benefit with lump-sum payment of accumulated contribution balance reduced by 10% per year during the first ten years of retirement.

Option 1
Provides a reduced continued benefit of equal amount to the beneficiary of retirant.

Option 1
Provides a reduced continued benefit of equal amount to the beneficiary of retirant.

Optional Allowance provides a reduced retirement allowance to retirant with a continued benefit of one-third of the retirant's allowance to a nonspouse beneficiary.

Option 2
Provides a reduced continued benefit of equal amount to the beneficiary of retirant.

Option 2
Provides a continued benefit of 50% of the retirant's annuity payable to the retirant's beneficiary.

Option 2
Provides one-half of retired member's benefit to a surviving designated beneficiary.

Option 3
Provides a continued benefit of 50% of the retirant's annuity payable to the retirant's beneficiary.

Option 3
Provides inflated benefit until social security payments begin, then annuity reduced to provide approximate level retirement income.

Option 4
Provides inflated benefit until social security payments begin, then annuity reduced to provide approximate level retirement income.

Statistical Section

The Carolina Wren is present in all areas in South Carolina from the coast to the highest mountain. It is slightly smaller than an English sparrow and has a conspicuous white stripe over the eyes. The back of its body is rufous-red with underparts somewhat lighter in color. The tail, which is finely barred with black, is held erect when the bird is excited. Though unofficially recognized as the state bird, the Carolina Wren wasn't designated the official state bird until 1948.

The South Carolina Quarter

The 50 State Quarters™ Program

This year's Comprehensive Annual Financial Report features the South Carolina quarter, which is part of the United States Mint's 50 State Quarters™ program. The 50 State Quarters™ program, signed into law in 1997, was established to commemorate the 50 United States. The U.S. Mint is minting five quarters each year, beginning in 1999, for a period of 10 years. The state quarters are being released in the order in which the states ratified the Constitution and became part of the United States. In 1788, South Carolina became the eighth state to ratify the Constitution. The South Carolina quarter was released in 2000.

Each state is responsible for designing its quarter and providing the U.S. Mint with three to five designs. The U.S. Mint reviews the designs to ensure their appropriateness and coinability. Each state's governor is then responsible for selecting the design for his or her state's quarter from the designs approved by the U.S. Mint.

The South Carolina Quarter

The South Carolina Department of Parks, Recreation and Tourism (PRT) began collecting suggestions for designs in 1998. Designs were provided by schoolchildren within the state, the South Carolina Numismatic Society, and PRT. Five designs were submitted to the U.S. Mint, which approved three of the proposed designs for consideration. These three designs were: the newly renovated State House; a depiction of an event from the Revolutionary War; and a collage of state symbols.

Governor Involves Citizens

South Carolina Governor Jim Hodges gave South Carolinians a chance to be involved in the decision-making process when he invited comments on the proposed designs for the South Carolina quarter. The state's citizens responded in kind with 958 votes for the collage of state symbols, 237 votes for the Revolutionary War scene, and 48 votes for the depiction of the renovated State House.

Governor Hodges, known for his commitment to education, was pleased with the response, especially from schoolchildren. In fact, the Governor was surrounded by some of these students Friday, June 11, 1999, when he announced the winning design.

The winning design, commissioned by the U.S. Mint, was taken from an earlier design submitted by PRT.

Acknowledgments

The text describing the state symbols on the divider pages was taken from the 1999 South Carolina Legislative Manual. We thank Sandra K. McKinney, its editor, and her staff for publishing this invaluable resource each year.

Information about the 50 State Quarters™ program and the selection of the South Carolina quarter was obtained from the United States Mint website at www.usmint.gov and from articles appearing in The State newspaper.

Comprehensive Annual Financial Report

For the Year Ended June 30, 2000

Pension Trust Funds of the State of South Carolina

South Carolina Retirement Systems

Mission Statement

The Mission of the South Carolina Retirement Systems is to administer a comprehensive program of retirement benefits responsive to the needs of public employees and to perform fiduciary duties as stewards of the contributions and disbursements of the pension trust funds.

Vision Statement

To empower our employees to provide comprehensive service in a professional manner for our members, employers, and retirees through timely and accurate processing of payments, claims, inquiries, and other account information using effective and appropriate leading edge technology.

Total quantity printed = 1,200
Total printing cost = \$6,384.00
Unit cost = \$5.32

Layout and Design by
Megan L. Reynolds

This year's Comprehensive Annual Financial Report features the South Carolina quarter, the eighth state quarter issued through the United States Mint's 50 State Quarters™ program. The South Carolina quarter's design elements are profiled on the section divider pages of this report. An overview of the 50 State Quarters™ program and the selection of the South Carolina quarter is on Page 122.
