We have discussed the legislation with Senator Setzler and Senator Alexander in the past. In fact it was introduced by Senator Alexander last session. We have not run into any attorneys that have not liked the idea. We have talked to the Association of Counties to make sure they were aware of implications to local governments and they were not concerned. For the most part it's just a simpler way of tracking and filing tax liens. Please let me know if you'd like to discuss further. I hope you have a great day.

Thanks
