Thanks, Bob. We'll plan on May 7th, but please give me a day or two to work on the logistics. Will this interview cover his duties as LG or will it concern his campaign?

Danny

If the Lt. Governor is coming to our station, if he's here at 4:30 or before, it should be no problem at all.

Bob, LG Bryant needs to be at the Peanut Warehouse at 6 that evening. What time and where would he need to be with you in order to keep that schedule? Thanks a lot

Hello Danny,

No problem on the delay. I understand how hectic things are and I just appreciate you all thinking of us. As for which day, I think May 7 would work better for us.
Thanks so much.

Bob, sorry for the delayed reply, but we have been working on a visit to Darlington on Friday. The LG will be free in Darlington at about 2:30. He'll be back in the MB area on May 7. Please let me know which works better for you. Thanks

Subject: Possible Interview

Hello Danny,

My name is Bob Juback. I'm the lead anchor at WBTW, the CBS station in Myrtle Beach-Florence. I'm seeing if the Lt. Governor, the next time he's in the Myrtle Beach area, would be available for a quick, one-on-one interview. It would not take very long at all and whatever time/place you choose should work.

Thanks so much. I truly appreciate it.

Bob
