To the Honorable Nikki Haley

My Name is April Randall. I recently was discharged from the Army National Guard. During my last year and a half in service, I was sexually assaulted, retaliated against for coming forward, watched my chain of command protect the individual who assaulted me and ect. I watched the South Carolina National Guard break every code of ethics for my attacker. I am going public with my story and what happened to me. I would like Mrs. Haley to read my story first so she can see what the South Carolina National Guard true colors are. I would like to have contact with only Mrs. Haley. I can be reached via email April.Randall@coldwellbanker.com or by phone 843-229-3354.
