Thanks Chaney,

Rob and I have already been in touch.

Good luck with everything!

Kate, if you reach out to my colleague Rob Godfrey CCed on this email he will be able to get you squared away. He's been flying around with the gov. today.

Good afternoon Ms. Adams,

For tonight's broadcast of the *CBS Evening News with Scott Pelley*, we are looking for photos or videos of Governor Haley surveying the flood damage. In particular, I am wondering if the press office collected images of the Governor surveying the flood from the helicopter today and if this is being distributed to the press?

Thanks very much for your assistance. We go to air in about two hours.

Best,

Kate
