Duane hope this email finds you doing well . I would like to see your results / performance measures from the 57 m tax payer investment with BFG and Kevin many to market undiscovered and discovered SC . As you know i have been very critical on this marketing campaign , and still am until proven otherwise . I am not alone as many professionals in the destination marketing business are questioned all this . I see a lot of BBQ , bad urls being used and just don't understand much of this . BBQ is not SC strength over other states that has much better BBQ . SC strength is its coast , beaches , seafood , fishing , golf , tennis and historic coastal cities .

Please send me a copy of the report you get from BFG on what they have done with our monies to date in detail . I need a breakdown of every dollar they have spent to date with name of each company ,how much spent with each and for what goods and services . 57 million is a lot of money and must be fully accounted for and must provide results . If results are not good does the state have a way out of this 5 yr contract for non performance ? Thx

Sent from my iPhone excuse all typos and misspellings
