Tax offices process payments faster. [Learn More](#)

### **Tax offices - do more with your staff.**

Like any government department, tax commissioners, treasurers and tax collectors feel the pressure to streamline operations, reduce costs and serve the public better. You may not be looking to cut personnel, but you want to do more with the staff you already have.

### **A solution to streamline your office with check imaging**

**JetScan iFX® check and currency scanners are the fastest processors on the market**, and they process both cash and checks on the same machine. You'll be able to deposit payments of titles, tags and taxes all in a fraction of the time it takes doing it by hand. And just as important, it's easy to use, so training is minimal and errors are reduced.

**Find out how JetScan iFX can streamline your tax office and help you reduce costs. Now is the perfect time to consider a solution with this year's budget or plan for next year.**

**Wondering who else has implemented the JetScan iFX solution?** Watch the videos to see how Georgia's Whitfield County and Illinois' Lake County reduced the hours needed to process payments in their offices.

**Whitfield County Georgia  
Tax Commissioner Danny W. Sane  
Lake County Illinois Chief Deputy Treasurer Don Schneider**
