RE: Notice of Cost Recovery
Upper North Lake Dam, Dam ID # D 4361
Greenwood

Dear Mr. Oaks:

On October 15, 2015, the Department issued an Emergency Order requiring you as owner of the above-referenced dam to take remedial measures, at your expense, to prevent damage to life and property due to the condition of your dam during the October 2015 flood event. On November 6, 2015, a Notice of Violation was sent to you for failure to comply with the Emergency Order. Furthermore, from January 2016 through August 18, 2016 the Department sent additional correspondence regarding this matter.

The Dams and Reservoirs Safety Act, S.C. Code of Laws, Section 49-11-190 (D) provides that, when the owner fails to comply with the Emergency Order, the Department or its authorized agents may enter and immediately take actions necessary to protect life or property, including removal of the dam. Furthermore, the Department may recover from the owner, in the name of the State, expenses incurred in taking the action. The Department, through its contractors, performed the remedial measures and now requires reimbursement.

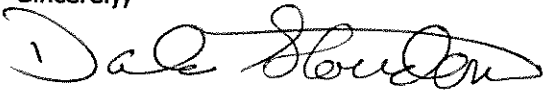

The enclosed invoice lists the cost incurred by the Department to date. There may be additional costs in the future, for which you may be sent additional invoices. You are required to pay the amount listed on the invoice within thirty (30) days of the date of this notice. If you do not believe you have the financial means to pay the invoice amount, please complete the enclosed "Inability to Pay" forms and provide copies of your last three (3) years of tax returns for the Department's review and determination. Also, please provide any information concerning potential insurance coverage, including a description of any communication you have had with your insurance carrier regarding this matter.

Failure to respond to this letter may result in the Department pursuing cost recovery through legal action. If you have questions concerning this notice, please contact Dale Stoudemire at 803-898-4209.

Please mail payment or submit "Inability to Pay" documentation to:
