Subject: Meeting

Rick,

Sorry – I know I'm overdue getting back to you. I just got your VM a minute ago. Of those dates, the 21st would be the best on my end. Our regular session ends this Thursday, but the budget's still quite a way from being finished, and there are a few other major initiatives that may also sneak into the extended session that will likely run for the next couple of weeks.

Thanks – talk to you soon.

CLS
